### Virtual Forum - Introduction to CCH® ProSystem fx® Engagement, an Audit Solution to Support Your Digital Transformation Journey (2 June 2022)

#### Highlights: 重點:

With building pressure from shortage of manpower and industry regulators, it becomes critical for our members' CPA firms to carry out their works efficiently and to keep the workpapers up to standard. To assist our members to achieve this goal, the Society is exploring industry-leading solutions for automating and improving the quality of your work process.

In this webinar, we are pleased to have representatives from Wolters Kluwer to introduce their audit solution - [CCH® ProSystem fx® Engagement](#), which is now integrated with the HKICPA's Audit Practice Manual. The speakers will explain how the system can facilitate proper preparation of audit documentation and teamwork by allowing multiple staff members to work on an engagement at the same time by synchronizing your audit workpapers from any locations.

In addition to [CCH® ProSystem fx® Engagement](#), you will also have the opportunity to explore the WK Professional® online Tax & Accounting research platform which provides the latest accounting, tax, and legal developments and allows you to access comprehensive, authoritative contents in one single platform.
